# PROJECT 1: PORTFOLIO SITE
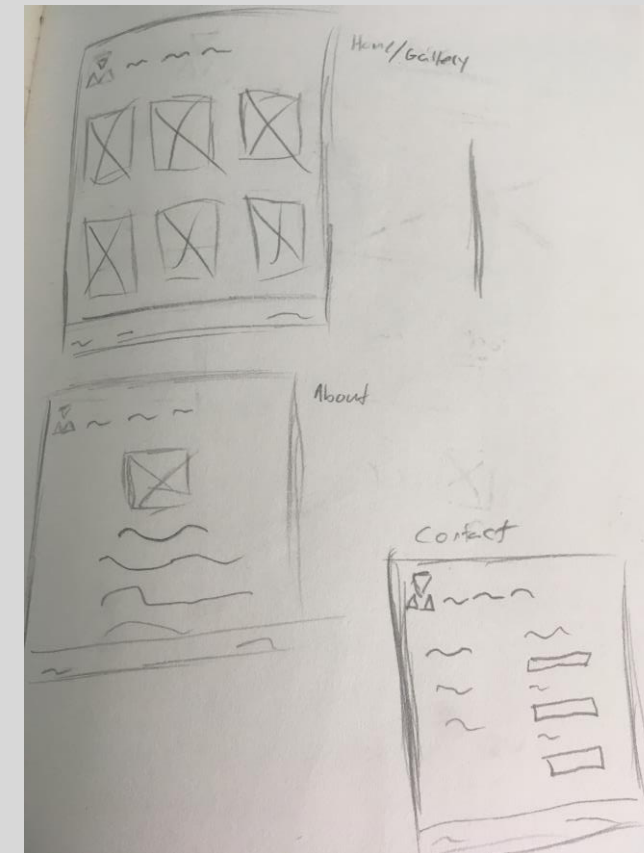

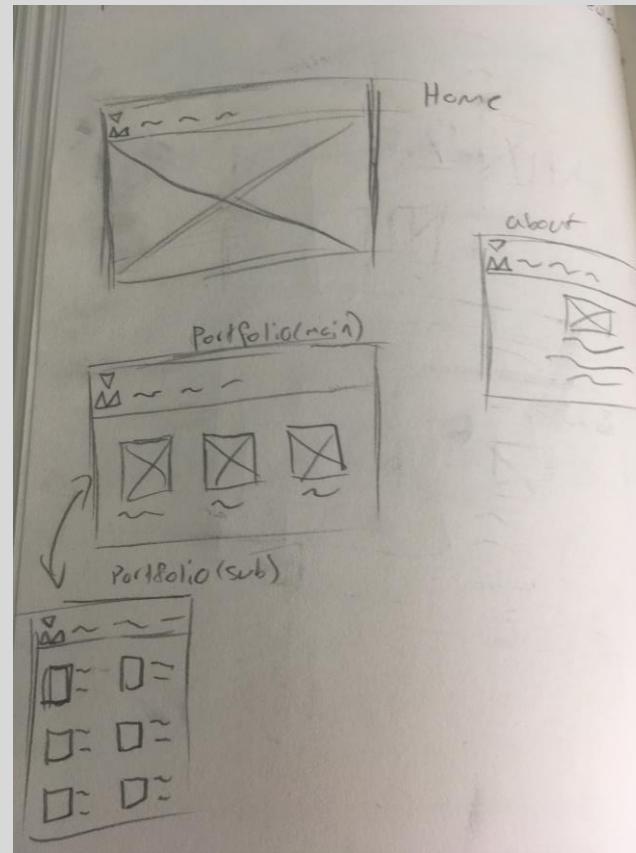

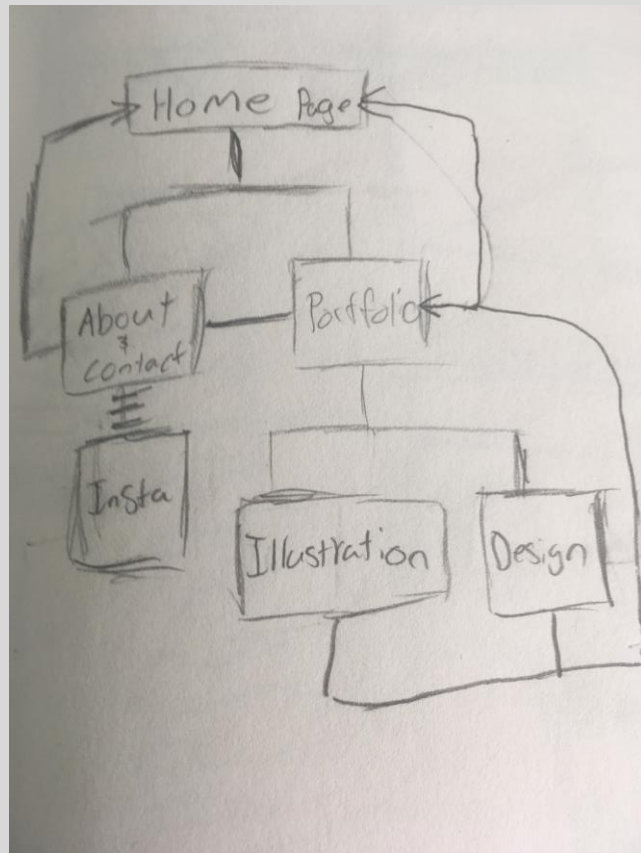

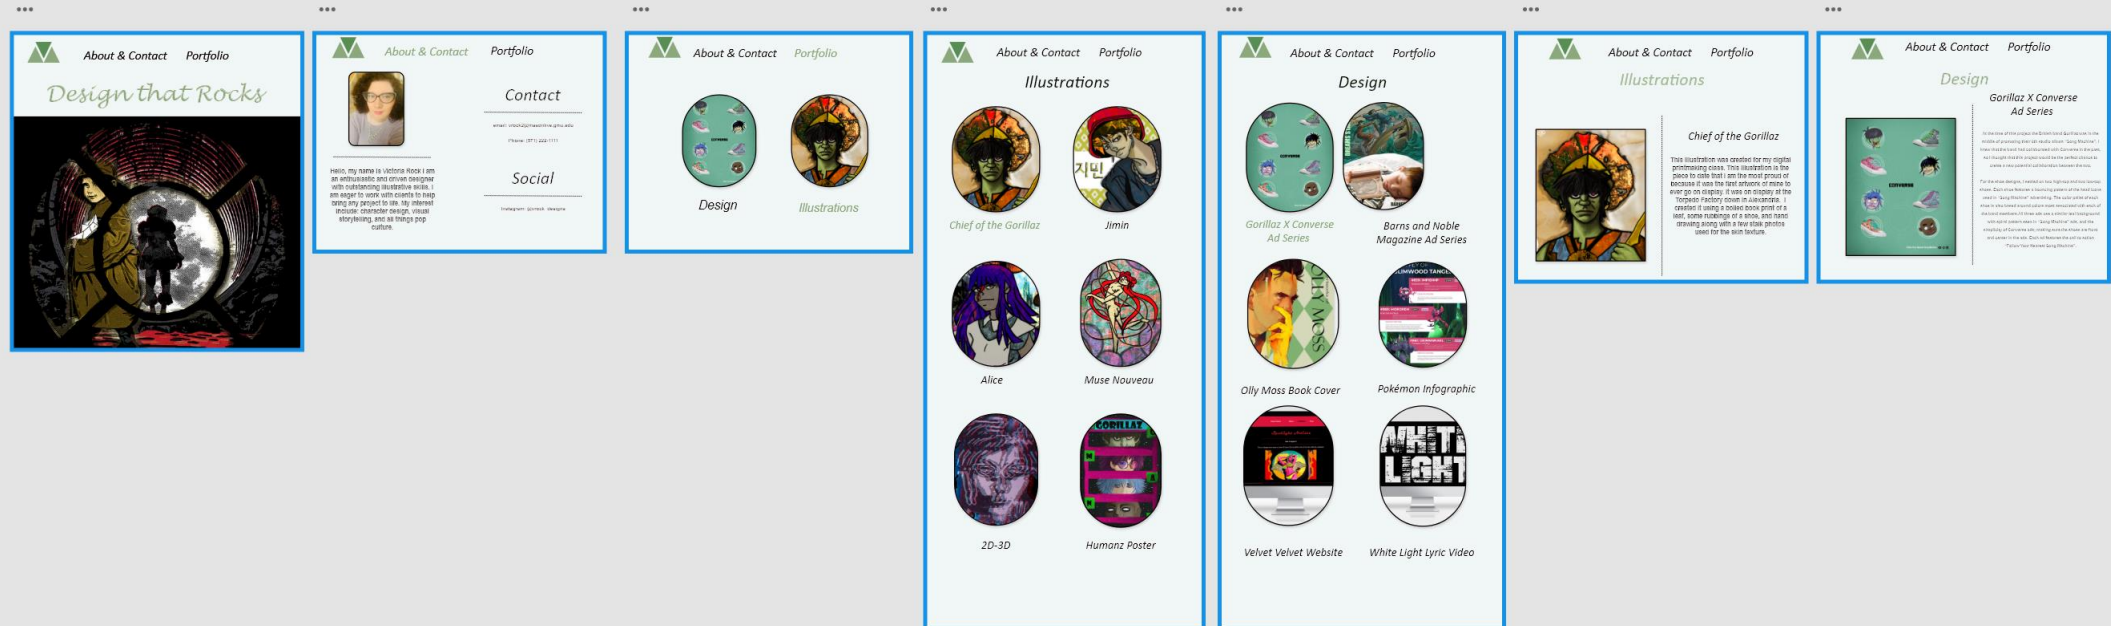

Victoria Rock

AVT 415(Spring 2021)

References

Mercedes

When Designing my Website I first went to Adobe Portfolio and browsed through their template selection. I was drawn to the Mercedes style because of its clean and simplistic layout, which let the images be front and center. I was also Inspired by Jamie Hewlett's portfolio site for similar reasons. However, I did find some issues with his site, so I wanted to design my site in a way that will correct some of those issues
